EXTERIOR OF AIRCRAFT:

The Rock Steady GoPro style ball mount is the durable and versatile low-profile design that you have been looking for. Unlike plastic mounts, this aluminum mount will not move, break, or fail. The metal GoPro adapter is compatible with any GoProstyle camera. Comes with the appropriate tools for installation.

INTERIOR PHONE

This kit includes everything you need to record cockpit video & audio. Prop filter, Lightning cable adapter and headset cable. The included cable and adapter allow you to record all headset, intercom, & ATC audio.

INTERIOR GOPRO:

This kit includes everything you need to record cockpit video & audio. The suction cup mount is infinitely adjustable and can be placed on any smooth interior surface. The included cable and adapter allow you to record all headset, intercom, & ATC audio
