

To protect lives and preserve the Beechcraft fleet:

Charitable Lead Trusts

Benefit from the tax savings that result from supporting the ABS Air Safety Foundation without giving up the assets you'd like your family to receive some day. A charitable lead trust pays annual income to charity and at the end of the designated term, the principal reverts back to you or others that you've chosen. There are two ways your charitable lead trusts can help support the ABS Air Safety Foundation: A **charitable lead annuity trust** pays a *fixed* amount each year. It is more attractive when interest rates are low. A **charitable lead unitrust** pays a *variable* amount annually based on the assets in the trust. When the value of the trust increases, the remainder to your beneficiaries and your annual support of ABS Air Safety Foundation increases as well.
